EXPERIENCE AT UT

At the beginning of the visit, 3 High School students including myself, were in a room where we were shown a presentation about university of Toledo (UT), Admissions, and Student Life (on campus and off.) After the presentation, our tour guide walked us in dorms, an assortment of Halls, the library, the Recreation Center, sororities and fraternities and even took us to see "The Glass Bowl," which is the football stadium. I thought the campus was beautiful and convenient. It took about 10 minutes to walk from Hall to Hall. Everything was in close reach. As freshman, we get to choose where we live and/or who we live with, which is awesome. Something that struck me as weird was that only 9% of the students are a part of Greek Life. I thought that a lot of people would want to be a part of a fraternity/sorority because of movies, but it's different there and I think that's why I'm so intrigued by The university of Toledo.. In the student union, the

food hall, there are 9 different restaurants including Starbucks, Rocky's Grill, Subway, Pizza Hut and many more! Our tour guide told us that people refer to Toledo as a "Mini Detroit" because of the reputation the town has, but when people visit UT, they realize that it's nothing like what people say.
