

My College of Interest
Wilmington College

**Wilmington
College**

My college of interest is Wilmington College located in Wilmington Ohio. About 45 minutes away. Wilmington is a private college that was established in 1870 by a religious society of friends.

Wilmington is home to the Quakers. They're the only private college in Ohio that offers an Agriculture Degree, also there are 2 branch campuses including Wilmington-Cincinnati and Cincinnati State. Both well obviously in Cincinnati. At Wilmington over 99% percent of students receive a financial aid scholarship. Which really helps me out a lot and I was glad to hear the acceptance rate of it was so high!

Wilmington has over 18 intercollegiate sports teams in DIII. They have over 50 clubs and organizations. Also their are over 1100 kids on the main campus so meeting people won't be that hard! I really love the atmosphere of the campus it's so nice and not extremely big!

The annual tuition for next year is \$25,800. Which is a lot but there financial aid helps so much. The average ACT score taken is a 21. They look for an accumulative GPA of at least a 3.2 depending on your test scores.

Wilmington got my attention because it isn't to far from home and it's the number two rated school for my major of interest, which is Sports Marketing and Management.
